

FUTURO

Unlike Anything

FUTURO
SD4
7" Wide screen Monitor

MAKE A **BOLD** STATEMENT

Simplicity

- Photo recording and playback (Not available on FUTURO-SD4B)
 - BASIC* : A single photo is recorded when the "Call" button is pressed on the doorstation and stored in the internal memory
 - ADVANCED* : When **Futuro-SD-Card**** is inserted in SD4 , it records motion from the doorstation camera. This footage can be reviewed from a computer and can be saved as snap shot photos
- Intercommunication allows you to call other monitors in private or paging mode
- Baby monitoring feature helps you monitor your baby (Audio only)
- Maximum number of monitor connections is 4 using Futuro-CPU4
- Monitor comes standard with a power supply
- Monitors are available in black or white finish
- Dimension : 235 (W) x 128(H) x 25 (D) mm

* Available in SD4 only ** Optional extra
